### RELEASE FOR SUPPLY

**PRODUCT NAME:** Mediquest Bazookas T30 10g Jar

**BATCH NUMBER:** 000051

**DATE OF MANUFACTURE:** 01/12/2023

**Product Expiry Date:** 12/2024

Stages of Manufacture: Manufacturing, Packaging, QC Testing (Chem & Micro) and Secondary Packaging

This is to certify that the batch documentation relevant to the stated stage of manufacturing, packing and testing has been reviewed and found to be adequate to permit release for supply as per marketing authorisation.

Documentation review has involved the following elements:

1	Assurance that operations and testing and data verification have been carried out in accordance with the requirements of the Australian Code of GMP for Therapeutic Goods and PIC/S
2	The Batch Documentation is complete and free from any errors, omissions or anomalies.
3	Reconciliations of yields of the finished product are acceptable within the established limits.
4	Sampling and testing records confirm that the product complies with established product specifications and A Certification of Analysis is provided.
5	The product has been manufactured as per the specification.

ACP Pharmaceuticals Pty Ltd holds a current Australian TGA Manufacturing Licence MI-19032006-LI-00476-2.
