

Pouch Red

CATEGORY 5 | SCHEDULE 8

50% Sativa

50% Indica

WSP: \$70
RRP: \$85
(\$6/g)

Dosing Guide

It is recommended that patients start by taking 1 inhalation and waiting 15-30 minutes to assess effects.

If desired effect has not been achieved, patients may increase by 1 inhalation every 15-30 minutes until symptoms are controlled.

Patients should maintain equal depth of inhalation and time of breath-holding to ensure consistency of effects per inhalation.
